Instalação

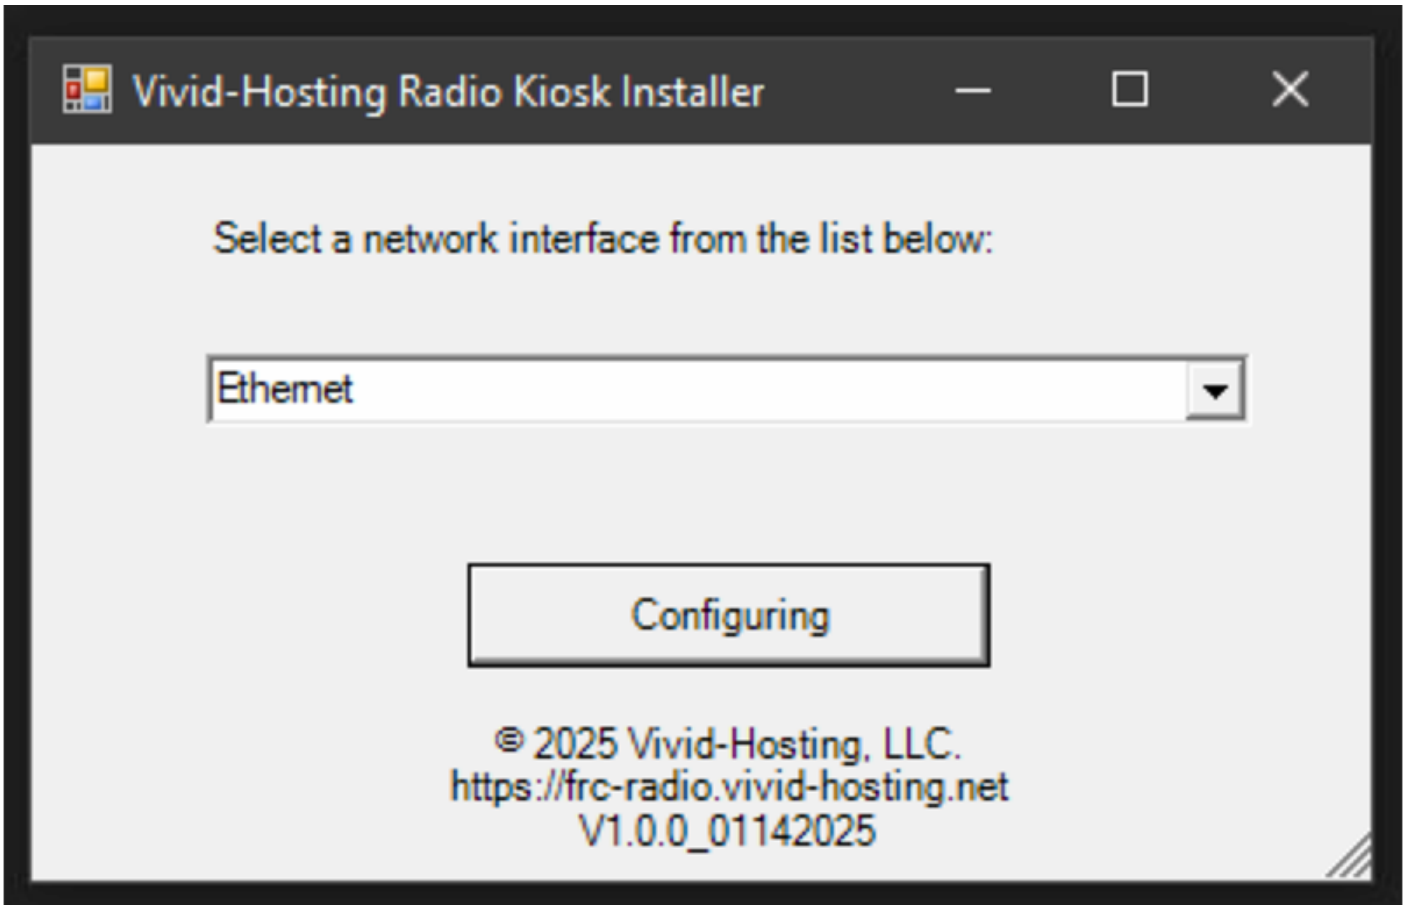

1. Instale *docker desktop* em: https://docs.docker.com/desktop/setup/install/windows-install/
2. Faça a instalação do *Radio Kiosk* em: https://vividhosting.app.box.com/v/frc-radio-kiosk
   - Selecione o arquivo *offseason-installer_vX_Y_Z.zip*
   - Extraia o arquivo após instalar
3. Execute como admin o aplicativo

4. Selecione a interface de rede *Ethernet*
   - Desative as outras interfaces que não serão utilizadas

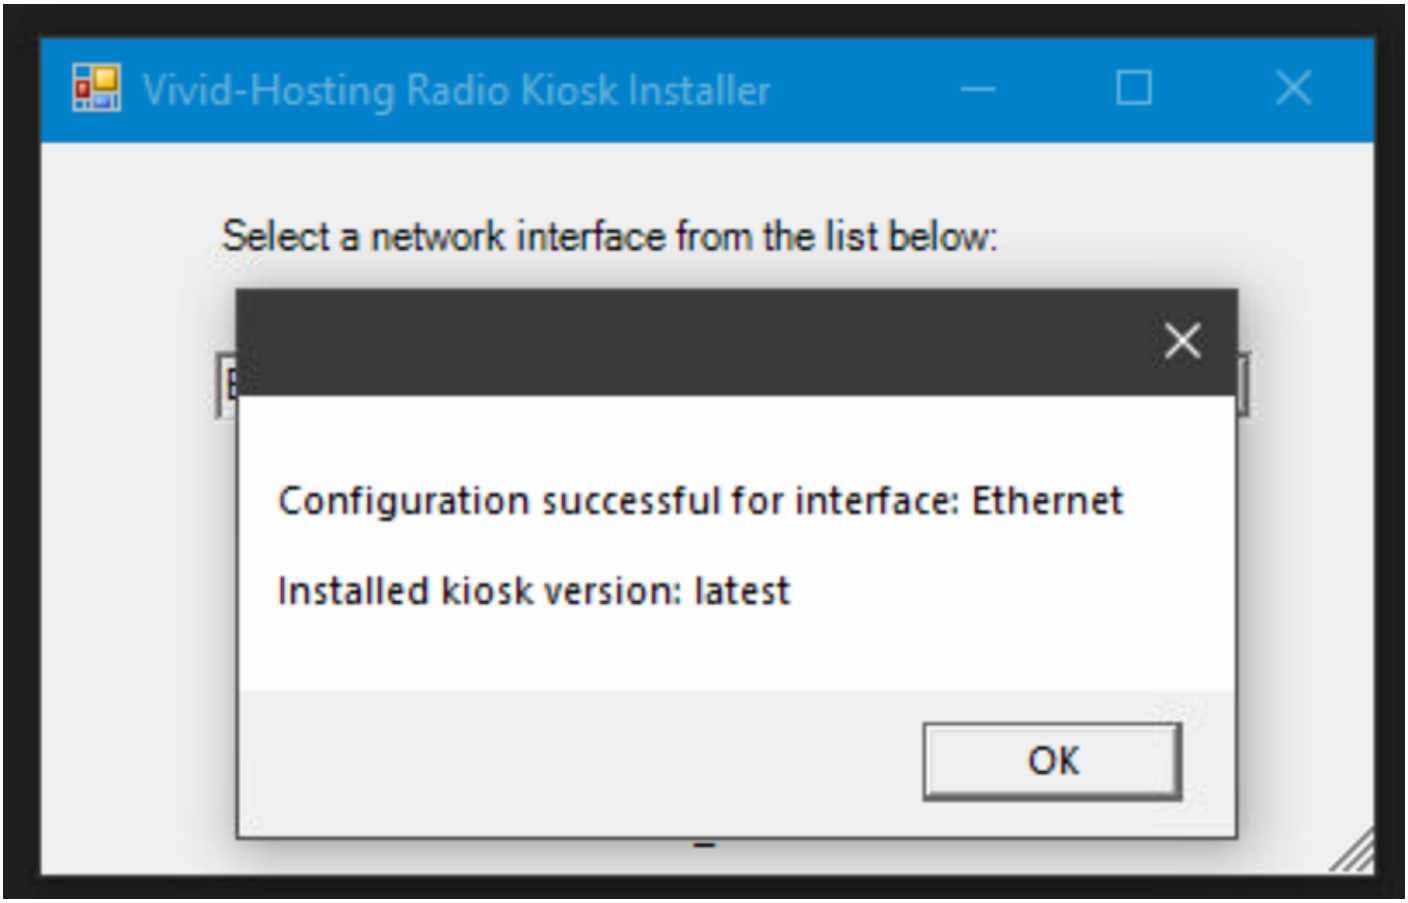

5. Clique em *Configuring*

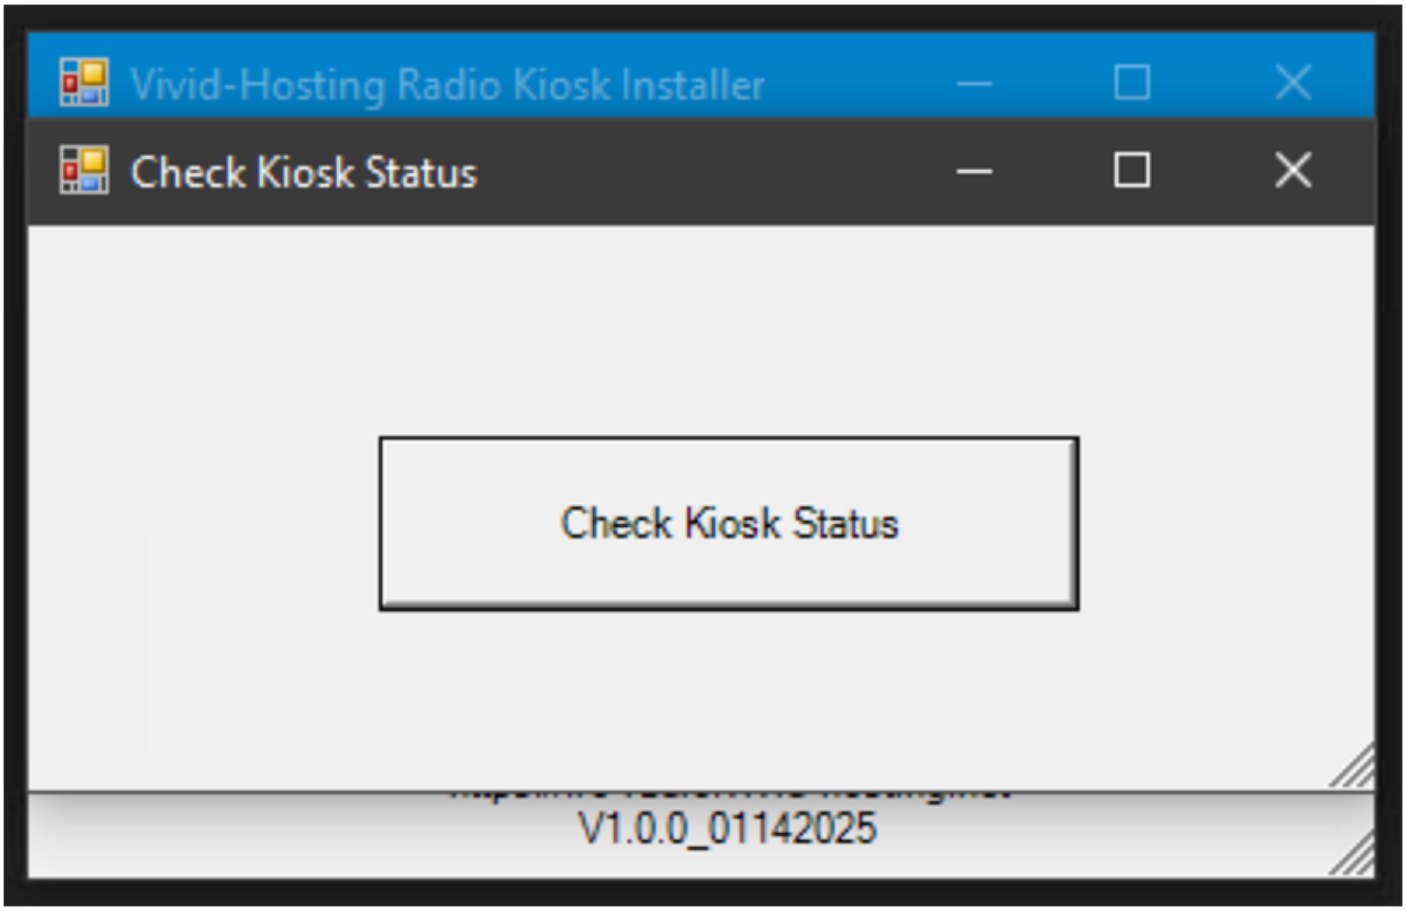

6. Aguarde o *Kiosk* ser instalado

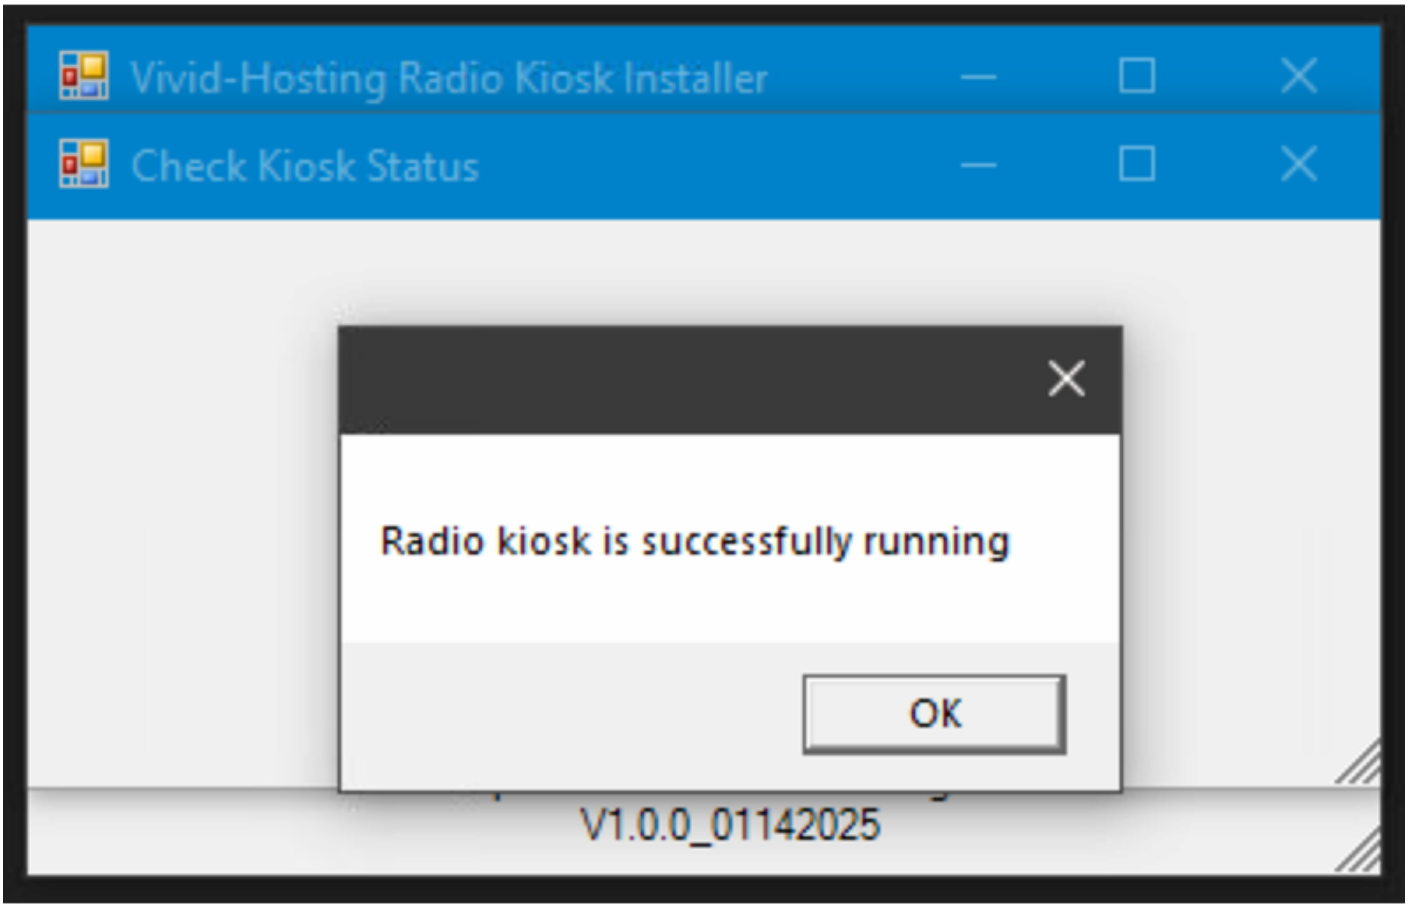

- Clique em Ok

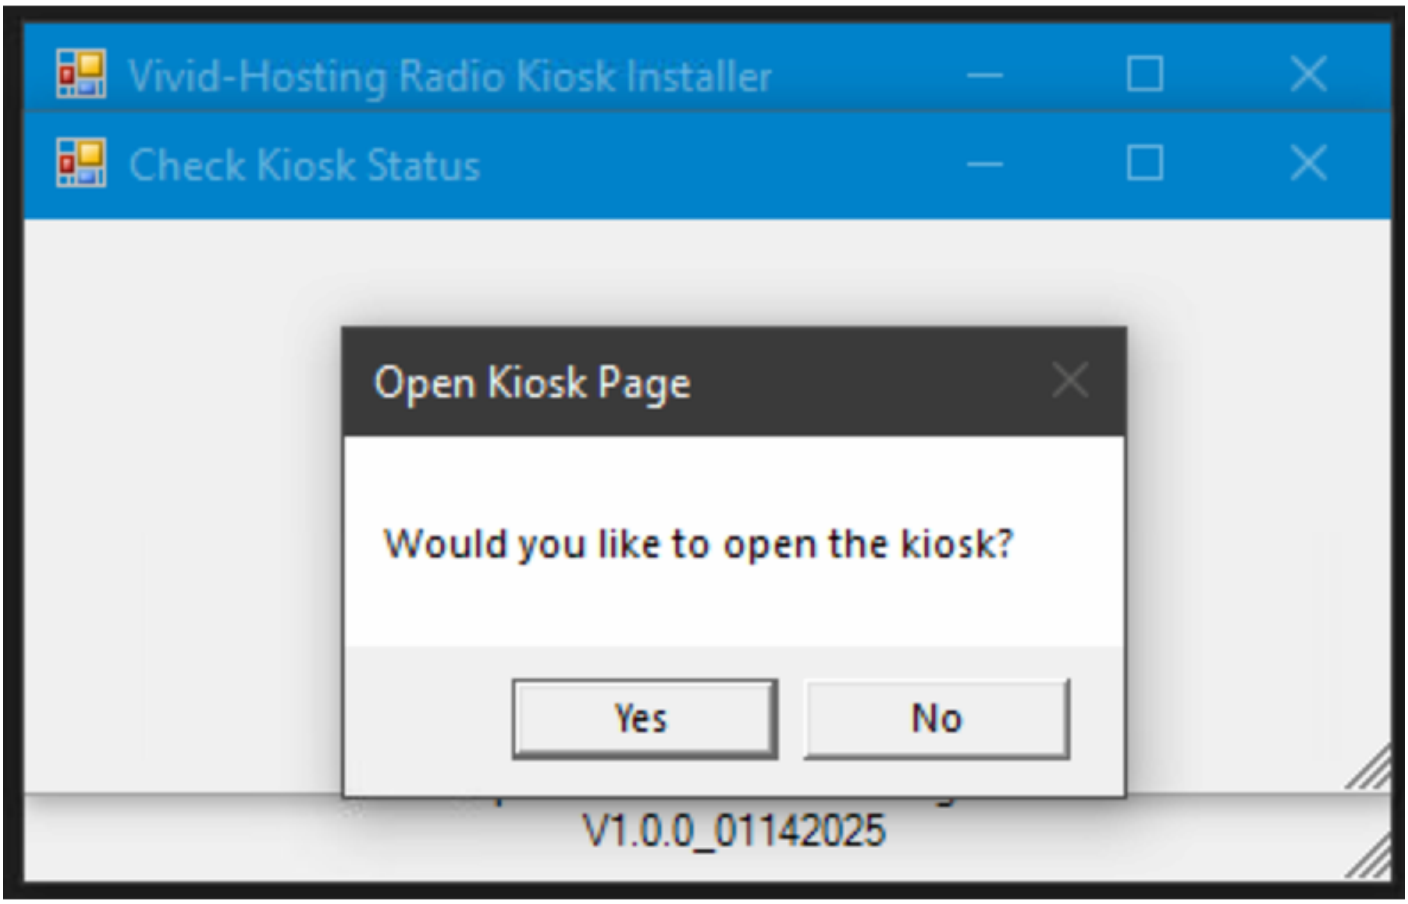

7. Clique em *Check Kiosk Status*

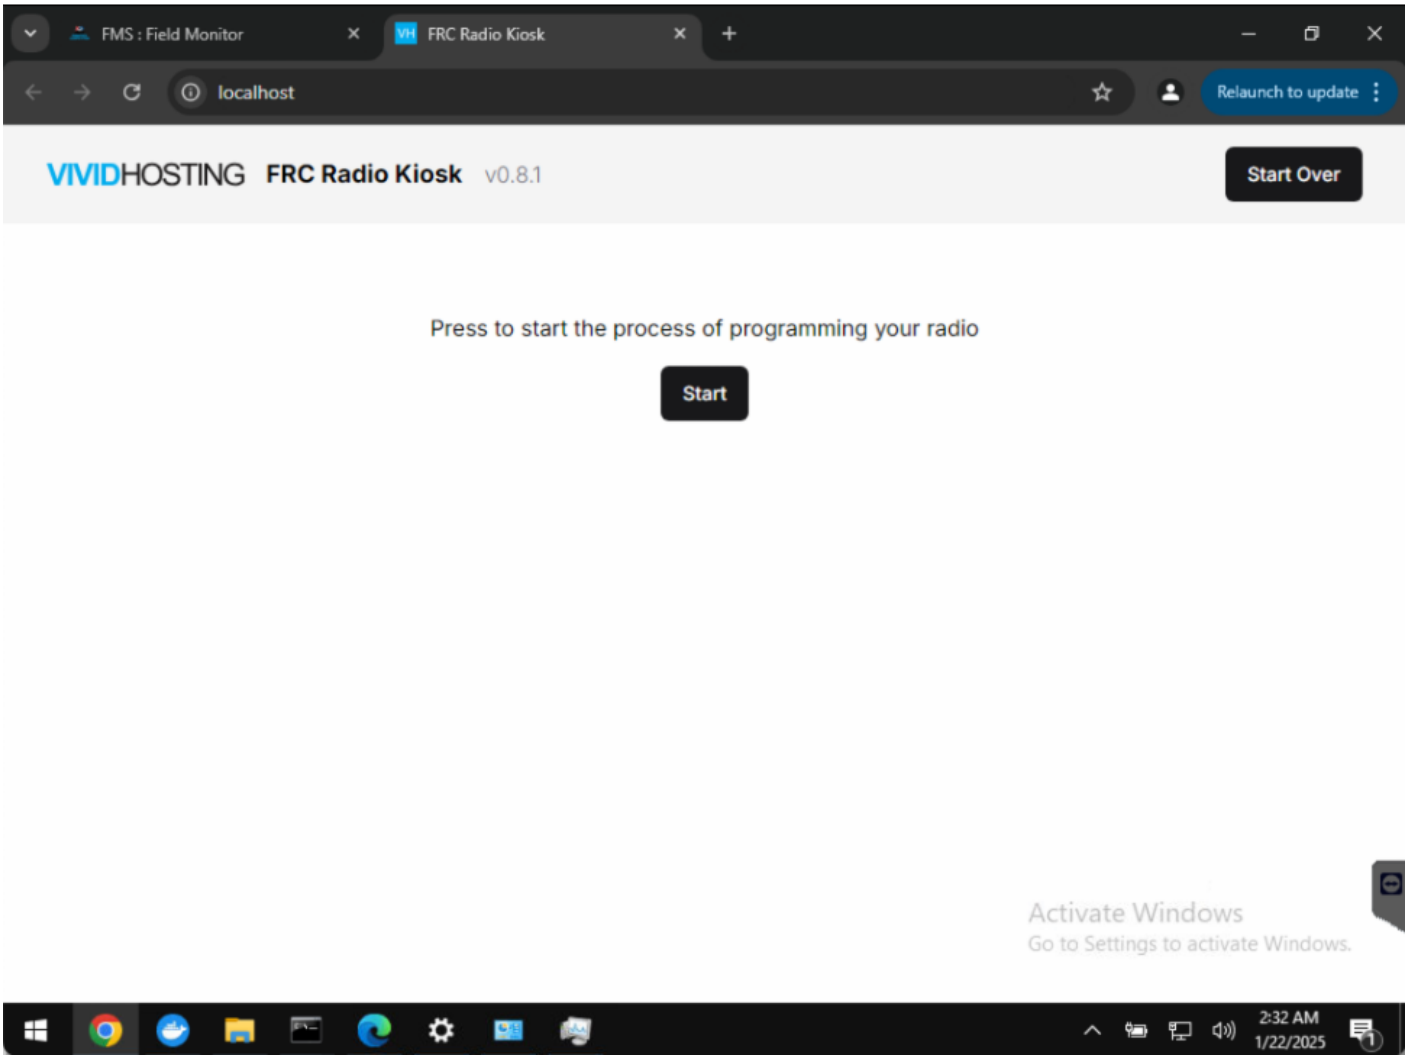

8. Espere até o *status* apareça

9. Abra o *kiosk* no seu navegador padrão

10. O *kiosk* está pronto para ser utilizado
